Description of Operations

Magid® is America's leading manufacturer and supplier of safety solutions and Personal Protective Equipment (PPE). Customers count on Magid to reduce injuries, lower costs and create safer workplaces.

Our unique position as a manufacturer, service provider and distributor enables us to offer custom solutions, backed by a nationwide network of experienced and dedicated safety specialists. We are large enough to serve as a single source for industry leaders, while flexible enough to solve even the smallest safety challenges. We are a trusted partner to more than 25,000 companies, offering more than 100,000 products from more than 700 of safety's leading brands.

Safety at work™ means our customers' workers are safe while we keep working to provide the best safety solutions at the best value:

- A single source for all safety program needs:
 - > Safety Experts: Nearly 70 years helping companies of all sizes reduce worker injuries by as much as 60%
 - > Distributor: Offering over 700 of safety's leading brands
 - > Manufacturer: Advanced design capabilities and innovative products
- Reduced cost and improved efficiencies with value-added services such as safety assessments and vending options.
- Fast reliable delivery — 98.5% same day shipping and a \$50 million inventory resulting in a 98% fill rate.
